

# ICEC WORLD CONGRESS 2022 - LIVE PROGRAM

MONDAY, JUNE 13, 2022				
Cleopatra room (Willem Burger Zaal) 3rd floor	InEight room (Zaal 10) 4th floor	ICEC room (Zaal 7 / 8) 4th floor	DACE room (Zaal 4) 3rd floor	Workshop room (Zaal 5 / 6) 4th floor
<b>09:30 - 10:30</b>				
Opening ceremony				
<b>10:30 - 10:45 Coffee break</b>				
<b>10:45 - 11:20</b>	<b>10:45 - 11:20</b>	<b>10:45 - 11:20</b>	<b>10:45 - 11:20</b>	
<b>Achim Hupperts, DE</b> Sustainability as business driver for large corporations (DSM) and the impact on capital projects	<b>Gianluca di Castri, IT</b> Total cost management and energy transition	<b>Ingrid Bolier, NL</b> Towards a framework to create sustainability value through innovation while ensuring project predictability	<b>Paulo Dias, BR (pre-recorded)</b> Price of Engineering Consulting Services	
<b>11:30 - 12:05</b>	<b>11:15 - 11:50</b>	<b>11:15 - 11:50</b>	<b>11:15 - 11:50</b>	
<b>Gilles Turre, FR</b> Structure of project data: An area to master before you can hope in AI	<b>Beverly Pasian, CA</b> Where is quality of life in Smart Cities?	<b>Marcel Volleberg, NL</b> The real value of sustainability	<b>Yarima Lawal, NG (pre-recorded)</b> Valuing Abandonment Option in Build-Operate-Transfer Projects	
<b>12:15 - 13:15 Lunch</b>				
<b>13:15 - 13:40</b>	<b>13:15 - 13:40</b>	<b>13:15 - 13:40</b>	<b>13:15 - 13:40</b>	<b>13:15 - 15:20</b>
<b>Marije Hulshof, NL</b> Transition & Industry	<b>Peter Smith, AU</b> Reliability of civil projects	<b>Benita Zulch, SA</b> Impact of climate change on property performance: A case study	<b>Firdaus Makarfi Hassan, NG (pre-recorded)</b> Assessing Critical Success Factors for Sustainable Building Projects in Nigeria	<b>Workshop 2 Hein de Jong, NL</b> The Value factory, an interactive workshop about the engineering of value
<b>14:00 - 14:35</b>	<b>14:00 - 14:35</b>	<b>14:00 - 14:35</b>	<b>14:00 - 14:35</b>	
<b>Stefan Bakker, NL</b> Project Controls in a Data-Driven World	<b>Feyisetan Leo Olagbaye, NG</b> Assessment of key performance indicators in sustainable housing projects in Iagos state, Nigeria	<b>Jouke van der Schors, NL</b> Contracting Strategies for predictable project delivery in a Dynamic World	<b>Eugene Seah, SG (pre-recorded)</b> Using BIM for Sustainability	
<b>14:45 - 15:20</b>	<b>14:45 - 15:20</b>	<b>14:45 - 15:20</b>	<b>14:45 - 15:20</b>	
<b>Winy Maas, NL</b> The Future City: What's Next?	<b>Anjiba Lamptey-Puddicombe, CA</b> An assessment of the impact of sustainable construction project delivery on the environment in a changing world	<b>Rob Haest, NL</b> Reliable project cost estimates in early project phases for new technologies in the energy transition.	<b>Alexia Nalewaik, USA (pre-recorded)</b> Project Cost-Benefit Analysis	
<b>15:30 - 16:00 Coffee break</b>				
<b>16:00 - 17:20</b>				
<b>Talkshow 1: Future Cost &amp; Value Engineer</b> hosted by <b>Frank van Ewijk, NL</b>				
Expert panel: Ron van den Akker, NL Wim Tange, NL Gianluca di Castri, IT Peter Smith, AU				
<b>17:20 END</b>				

TUESDAY, JUNE 14, 2022					
Cleopatra room (Willem Burger Zaal) 3rd floor	InEight room (Zaal 10) 4th floor	ICEC room (Zaal 7 / 8) 4th floor	DACE room (zaal 4) 3rd floor	Workshop room (Zaal 5 / 6) 4th floor	Round Table room (Zaal 3) 3rd floor
<b>09:00 - 10:20</b> <b>Talkshow 2: Forming Cohesive and Effective Project Teams</b> Hosted by <b>Hans Bakker</b>  Expert panel: Jascha Zwaving, NL Jacqueline Huan, SG					
<b>10:30 - 10:45 Coffee break</b>					
<b>10:45 - 11:20</b> <b>Paul Rulkens, NL</b>  <i>Soft skills - leadership cost engineering</i>	<b>10:45 - 11:20</b> <b>Anton van der Steege, SA</b>  <i>Project Cost Forecasting in a Dynamic Environment</i>	<b>10:45 - 11:20</b> <b>Thera de Kramer, NL</b>  <i>Sustainable Excellence for Generations</i>	<b>10:45 - 11:20</b> <b>Liliana Dasu, RO</b>  <i>Investing time in children's education is imperative now to assure business continuation in the future</i>	<b>10:45 - 12:05</b> <b>Workshop 3</b> <b>Elmer Sachteleben</b>  <i>Integrated project controls: Get off your islands!</i>	<b>10:45 - 12:05</b>
<b>11:30 - 12:05</b> <b>Emanuele Banchi, IT</b> <i>Total Cost Management competences model: how assessment can help project predictability</i>	<b>11:15 - 11:50</b> <b>Hans Bakker, NL</b> <i>Learning from Projects</i>	<b>11:15 - 11:50</b> <b>Roland Martens, NL</b> <i>A conceptual estimating approach to successfully estimate capital expenditures of offshore wind parks</i>	<b>11:15 - 11:50</b> <b>Marcel Volleberg, NL</b> <i>Improving control of indirect building costs and engineering costs</i>		
<b>12:15 - 13:15 Lunch</b>					
<b>13:15 - 13:50</b> <b>Sharon Bosch, NL</b>  <i>Implementing digital cost engineering solutions: A proven approach</i>	<b>13:15 - 13:50</b> <b>Gianluca di Castri, IT</b>  <i>Complexity in ownership structure</i>	<b>13:15 - 13:50</b> <b>Tebogo Hellen Ngele, SA</b>  <i>BIM Education: The Review of Land Survey (Geomatics) Programs in South Africa</i>	<b>13:15 - 13:50</b> <b>Leo van Ruijven, NL</b>  <i>"Car Wash For Data": Best Practice for Information &amp; Configuration Management of a industrial facility</i>	<b>13:15 - 15:20</b> <b>Workshop 4</b> <b>Arno Willems, NL</b> <b>Fedde Tolman, NL</b>  <i>You can't score if you don't shoot (about chance, uncertainty and (increasing) the accuracy of cost estimates)</i>	<b>13:15 - 13:50</b> <b>Rising Professionals</b>
<b>14:00 - 14:35</b> <b>Shamir Sheikariem, SR</b>  <i>Change during a mining supercycle and the impact on project capital cost estimating performance</i>	<b>14:00 - 14:35</b> <b>Guus Keusters, NL</b>  <i>Integrated design proces / project performance</i>	<b>14:00 - 14:35</b> <b>Andy Evans, UK</b>  <i>Bim - Transforming the civil engineering surveyor</i>	<b>14:00 - 14:35</b> <b>Erik de Bree, NL</b>  <i>Investment predictability of conventional and innovative projects</i>		<b>14:00 - 14:35</b> <b>Rising Professionals</b>
<b>14:45 - 15:20</b> <b>Joop Schefferlie, NL</b> <i>Be Competent</i>	<b>14:45 - 15:20</b> <b>Jordan Cannon, USA</b> <i>A discussion on the power of an integrated project controls platform to gain real-time visibility into your project status.</i>	<b>14:45 - 15:20</b> <b>Raymond Hagedoorn, NL</b> <i>Estimate challenges for a one-off, deep brown field revamp project</i>	<b>14:45 - 15:20</b> <b>Daniela Pedrini, IT</b> <i>How COVID-19 will impact the future of Project Management and the work of healthcare technicians</i>		<b>14:45 - 15:20</b> <b>SMAP</b>
<b>15:30 - 16:00 Coffee break</b>					
<b>16:00 - 17:20</b> <b>Talkshow 3: Project Controls and ICT</b> Hosted by <b>Stefan Buijsman, NL</b>  Expert panel: Samuel Boutin, FR Dave Monswite, UK Richard van Tricht, NL					
<b>17:20 END</b>					
<b>19:00 - 21:00</b> Evening event: dinner at the SS Rotterdam					

**Wednesday, June 15, 2022**

Cleopatra room (Willem Burger Zaal) 3rd floor	InEight room (Zaal 10) 4th floor	ICEC room (Zaal 7 / 8) 4th floor	DACE room (zaal 4) 3rd floor	Workshop room (Zaal 5 / 6) 4th floor
<b>09:00 - 09:35</b>	<b>09:00 - 09:35</b>	<b>09:00 - 09:35</b>		<b>9:00 - 10:20</b>
Jos van der Stelt, NL	Aasmund Varden, NO Elia Burgueño Rayo, NL	Tim De Jonge, NL	Andre Bijl-Weisz, NL	Workshop 5 Jacek Pachocki, NL
A vision on project controls in 2030: Capturing the potential for digital transformation	Bringing It All Together: Inside Veidekke's Enterprise Platform Success	CO2-reduction measures in social rented housing: costs and CO2-effects. A practical example of life cycle approach in ICMS-3.	Predictability of indexes in Infrastructure	Size and Cost estimating of software intensive projects
<b>09:45 - 10:20</b>	<b>09:45 - 10:20</b>	<b>09:45 - 10:20</b>	<b>09:45 - 10:20</b>	
Dave Monswite, UK	Jacqueline Huan, SG	Bas Drujiff, NL	Marcel Smit, NL	
Project controls	Current Development of Prefabricated Prefinished Volumetric Construction (PPVC) In Singapore	Digital Work Pack Management: What we can learn from Shutdowns and Maintenance	Life Cycle Cost Estimation for the Netherlands F-35	
		<b>10:30 - 10:45 Coffee break</b>		
<b>10:45 - 11:20</b>	<b>10:45 - 11:20</b>	<b>10:45 - 11:20</b>	<b>10:45 - 11:20</b>	
Justin Sullivan, UK	Huub Ehhardt, NL	Sascha-André Voglsang, DE	Ferry Zollner, NL	
ICMS, Panel discussion	Costing Tools Adoption Survey	Benchmarking, Cost Simulation & CO2-predictions in a Dynamic World - A showcase from automotive industries	Cost coding	
<b>11:30 - 12:15</b>				
Closing ceremony, incl Keynote by Sander Pluim, Volvo Ocean Race				
<b>12:15 - 13:15 Networking lunch and farewell</b>
